

25.99.09.C0.01 Cellular Communication Devices & Services

Revised: November 7, 2022

Next Scheduled Review: November 7, 2027

[Revision History](#)

Procedure Summary

Texas A&M University-Corpus Christi (TAMU-CC) recognizes the importance of cellular communication devices and services for the performance of certain job responsibilities. This procedure establishes formal guidelines for managing TAMU-CC cellular communication devices and services as allowed by system regulation 25.99.09, *Communication Allowances*.

Procedure

1. PERSONAL DEVICES AND SERVICES

TAMU-CC does not reimburse for personally owned cellular communications devices or services, nor does it provide stipends, allowances, etc. for the same.

2. UNIVERSITY-OWNED DEVICES AND SERVICES

In the rare circumstance in which an employee needs a cellular communication device or service to complete their job responsibilities:

- (a) The employee shall contact their supervisor;
- (b) The cost of the device/service shall be borne by the employee's department;
- (c) The device/service is subject to the same requirements as any other university-provided communication device or service (e.g., IT Acceptable Use Policy);
- (d) The device is the property of TAMU-CC at all times and must be returned upon separation from the university; and
- (e) The purchase of the device/service must be approved in writing by the Vice President for Finance & Administration in advance.

3. EXCEPTIONS

Any exceptions to this procedure must be approved in writing by both the Vice President for Finance & Administration and the President.
